New Chief Executive Officer for CJSC Sumitomo (SHI) Demag Plastics Machinery in Russia

Alexander Votinov (a graduate engineer, 43 years) has taken over as the new Chief Executive Officer (CEO) of CJSC Sumitomo (SHI) Demag Plastics Machinery in Moscow as of August 1, 2010. He took over from Sergej Sorokin, a graduate engineer, who retired from the company.

With Alexander Votinov, management in Russia has been placed in the hands of an experienced character. Following his university education in the field of mechanical engineering, he has worked with a mould making company in Russia in sales and later in the corporate management in the past few years.

CJSC Sumitomo (SHI) Demag Plastics Machinery

Sumitomo (SHI) Demag Plastics Machinery has been represented in the Russian injection moulding machinery market through its subsidiary company, CJSC Sumitomo (SHI) Demag Plastics Machinery, for years. CJSC Sumitomo (SHI) Demag Plastics Machinery is not only present through its corporate headquarters in Moscow, but also has selling agencies in all the regions significant from an economic point of view such as St. Petersburg, Samara, Nizhny Novgorod or Ufa in Russia, or Minsk in Byelorussia.

Activities in the Ukraine are also managed from Moscow.

Owing to the early penetration of the market and longstanding tradition in Russia as well as consistent advancement of in the fields of technology and service, CJSC Sumitomo (SHI) Demag Plastics Machinery has been ranking among the leading manufacturers in this market for many years. In late September, the company will be celebrating its 20th anniversary in Moscow. Since 1990, more than 3,000 machines made by Demag have been supplied and delivered to Russia or the CIS countries respectively.
